

There's jokes ahead, dear reader - can YOU find the funny ones? -

... a most provocative perfume!

SUGGESTIONS FOR USE

Throw it away

Mop up those pesky spills and stains

Roll it up and snort pixie stix
for a BIG laugh

Put it on your book shelf so
John Waters will have sex with you

Take a whole stack of them and
build yourself a little house

Print your own zine on top
of this one

Toilet paper

Burn it for warmth in the post-apocalyptic wasteland that was once LA: the year... 20 freaking 20????? (Editor's Note: whoa)

"Somebody help me - they won't let me go without a testimonial!"

"My doctor told me to stop taking these - but he's not the boss of me!"

When you tell your friends these jokes, they'll be like the single rose I left on my wife's grave: BLOWN AWAY

Boy, this country sure is going to hell in a handbasket.

What with the "political correctness" and "child labor laws." How's my child supposed to support himself, huh?

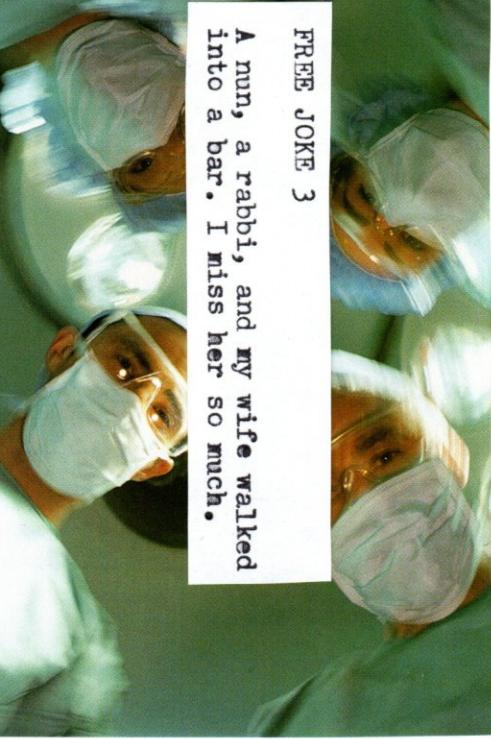

And nobody respects the troops anymore. If there was a troop here right now, I'd give him a smooch right on the mouth. The way an Italian might; a kiss of respect.

I tell ya - the founding fathers got one thing right - you should shit in a little house that isn't a part of your main house.

FREE JOKE 2

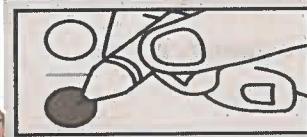

To whoever took my wife, please - bring her back. I miss her.

FREE JOKE 3
